the 'Lunar Soul Pendant'...

This unique piece of astrological jewellery is designed exclusively by Catherine Best and individually interpreted by Astrologer Sharon Ward. This really is something extremely special, the gift of a lifetime that you will truly treasure forever. The Lunar Soul Pendant is created just for you, or your loved one, and will carry a unique energy, a particular vibration that will resonate with the recipient on a deeply spiritual level. Neither the pendant, nor the scroll, will ever be reproduced - both are created solely for the owner of the piece.

...created just for you!

**Pricing:** each Lunar Soul pendant is made to order and the price will vary depending on the complexity of design and the metal and stones used in making the piece.
