Flowrider® at Jersey's Merton Hotel!

FLOWRIDER® PUTS MERTON HOTEL ON THE CREST OF A WAVE

Surfing is one of the fastest growing sports in the world and for many 'catching a wave' provides the ultimate adrenaline rush. The problem is that for most people, the sport involves a long drive to the sea and the chance that when you arrive, there won't be any waves to surf on!

From 2008, guests at the Merton Hotel will have the opportunity to surf, whatever the conditions. The FlowRider® allows anyone to catch a wave without fear – no wind, tides – just fun!

WHAT IS FLOWRIDER®?

'Flowboarding' is a sport that combines the look of surfing, the ride of snowboarding and the tricks of skateboarding. Invented in the USA by entrepreneur, Tom Lochtefeld, The FlowRider® sends a thin sheet of water up a sloped and (thankfully) cushioned platform to create a wavelike flow of water. So it's perfect for beginning, intermediate and advanced surfers.

HOW DO I RIDE FLOWRIDER®?

After receiving safety instructions and a few tips for a successful ride from our fully trained instructors, you can set off standing up (flowboarding) or lying down (body boarding). Carve, try tricks and otherwise show your stuff as spectators cheer you on from the surrounding viewing platform. The FlowRider®'s bottom layer is made of soft material and when water flows over it, it feels just like a judo mat. Falling hardly hurts at all and this makes flowboarding a safe sport. If you fall off – just get up and go – again, again and again!

Flowriders® have now been installed all over the world, including in Dubai, Australia and South Africa as well as on the back of cruise ships! However this Flowrider® is the first in the UK and the first of its type to be located in a hotel complex anywhere in Europe.

The Merton FlowRider® will be exclusively available to guests of the Merton Hotel and her sister hotels in the Seymour Hotel Group. So to be sure of catching a wave in 2008 make your reservation today.

For more information call +44 (0)1534 724231 or visit the Merton Hotel's website at www.mertonhotel.com.
