

Normandy and Cherbourg

A joy at any time of year - Normandy is ripe for exploring.

Boasting a strong sense of identity, Normandy is rich in culture, cuisine and history as well as superb beaches and splendid scenery. Some of the jewels in France's crown can be found in Normandy: The Bayeux Tapestry, the island monastery of Mont St Michel, the D-Day landing beaches as well as the magnificent cathedrals of Rouen and Bayeux.

Visit Monet's garden for inspiration, a choice of excellent golf courses for relaxation and the many war museums for contemplation. Normandy really does have something to offer everyone...
