

Seafood Fiesta!

With one of the highest tidal ranges in the world and sparkling, clean sea water you won't be surprised to learn that Jersey abounds with a wonderful choice of seafood. From oysters farmed in the Royal Bay of Grouville to sea bass caught in the seas around the island, and not forgetting mouth-watering lobster and crab, there's something to satisfy everyone.

One of the best places for you to indulge yourself is at The Harbour Room Restaurant at The Pomme d'Or Hotel in the centre of St Helier.

Every Friday evening, The Harbour Room creates a special Seafood Buffet where for a fixed price you can feast on a huge range of shellfish and other dishes that feature the local catch. The restaurant overlooks the marina in St Helier and not surprisingly is popular with locals and visitors alike, so be sure to book a table!
