

HD Ferries welcomes Freight!

Ferry your freight with the HD1!

HD1 is pleased to welcome Freight onboard. We ship to Jersey, Guernsey, St Malo and now our newest route to Cherbourg.

With at least 80 lane metres of freight space we will be pleased to welcome your trailers and trucks onboard.

If you would like to discuss any freight opportunities or if you have any questions, please do not hesitate to contact our Freight Department by emailing freight@hdferrys.com or calling us on **0870 460 0232**.

HD Ferries Expands Freight Services

HD Ferries is pleased to announce an exciting enhancement to our existing successful freight services between Jersey, Guernsey and France.

The new service which follows numerous requests from existing and prospective customers will allow customers to ship individual items of freight including pallets and packages in our own fleet of trailers.

Both Business and residential customers will be able to take advantage of a door to door delivery service for individual unaccompanied items ranging from small parcels to pallets which will be transported in our fleet of curtainsided trailers.

The 8 metre trailers which are compliant with Channel Island road legislation will allow the speed of HD1 to be harnessed to a fast local delivery without the need for transhipment of goods through port warehouses.

HD Ferries has appointed Paul Davis Freight Services Ltd as our distribution agent in Jersey and Guernsey. Paul Davis Freight Services Ltd is a long established and well respected Channel Islands company with a large distribution fleet.

In addition HD Ferries has purchased a Tugmaster for the St Malo operation which will assist with the expansion of unaccompanied freight services.

Customers will be able to purchase goods in France and have them shipped directly to their own premises.

The new service is scheduled to be operational by the end of September 2007.

For further information please email sarahp@hdferrys.com or call our dedicated freight number **+44 0870 4600232**.

Custom clearance can be arranged for you prior to shipment. Just provide us with all the details and we will guide you through what is required.

We not only provide freight bookings between France and the Channel Islands, we also have access to many other routes which can be found by:

- visiting www.aferryfreight.co.uk
- emailing mail@aferryfreight.co.uk
- calling **0870 066 0000**
